IN RE: IES UTILITIES INC., AND INTERSTATE POWER COMPANY, n/k/a INTERSTATE POWER AND LIGHT COMPANY	DOCKET NO. EAC-02-13
--	----------------------

**ORDER APPROVING CONSOLIDATION OF
ADJUSTMENT CLAUSE CALCULATIONS**

(Issued May 24, 2002)

Interstate Power and Light Company (IPL) was formed on January 1, 2002, through a merger of IES Utilities Inc. (IES) and Interstate Power Company (Interstate). On April 19, 2002, IES and Interstate, n/k/a IPL, filed with the Utilities Board (Board) a method to consolidate their energy adjustment clause and alternate energy production clause calculations, identified as EAC-02-13. The method is to commence in the June 2002 revenue month. No objections to the filing were received.

The consolidation of the calculations for the adjustment clauses will provide IPL revenue that is consistent with the current calculation method. Because the two utilities have merged, it is appropriate that they operate under the same adjustment clause calculations. The Board will approve the new method.

IT IS THEREFORE ORDERED:

The proposed method for fuel clause calculations filed by IES Utilities Inc. and Interstate Power Company, n/k/a Interstate Power and Light Company, on April 19, 2002, is approved, effective with the June 2002 revenue month, subject to complaint or investigation.
